Negus Messe
Stand Construction Service
Bilker Allee 31, 40219 Dusseldorf, Germany

Dear Sirs,

It is with much enthusiasm that I am writing to recommend the stand construction services of the Negus Messe.

I was contacted through the company that offered me its stand construction services and since then I have received full support and clarification in all the processes and stages of the construction of our stand for the fair Security Essen, Germany.

I would like to mention Svetlana Agapova's assistance, who has always been super professional and has always been available to clarify my questions.

I seriously recommend Negus Messe services, the final result was pretty good and it was exactly as we had anticipated.

Sincerely,

Sofia Monge
